

Second International Workshop on Group Analysis with Children and Adolescents

Identity Crises in a Changing World

Dear all,

We would gladly like to invite you to the second international workshop “Group Analysis with Children and Adolescents” that will take place from **Friday, 19 September to Sunday, 21 September 2025** on the premises of the Frankfurt University of Applied Sciences: Nibelungen Platz 1, 60318 Frankfurt am Main.

As mentioned in our previous communication an understanding for group analytical processes has shown to be highly effective when working with groups of children and adolescents in therapeutic and pedagogical settings. One of the aims of this conference will be to gather and evaluate experiences in this work at an international level.

At this point we would like to invite you also to submit to the organizing team any contributions you would like to offer to this conference. For example:

- case study of an actual analytic group in process,
- video sequences of group sessions,
- sharing experience in working with parents,
- sharing experience in working with professionals attending to children and adolescents.
- participation in a panel discussion,

Please submit your proposals to the following email address by end of December 2024: furi@khabirpour.de

The team will then finalize the program and send you the application link by March 2025.

Yours,
Katrin Stumptner, Carla Weber, Gerhild Ohrnberger, Furi Khabirpour
